September 27 – September 29, 2017**

This fall, the Mississippi Department of Mental Health along with other state and local agencies will host the 4th Annual Mississippi Trauma Informed Care Conference. Each year, the premiere conferences have brought together 600 participants representing a diverse group of individuals with a common goal of providing the best services and supports to those who have experienced trauma.

The conferences have been very successful due to the support of our vendors and sponsors. We hope that we can count on your financial support to make this year's conference the biggest and best yet!
